Dr. Jed Hildebrand, D.D.S., M.S.D.

ARLINGTON'S **BEST CHOICE** FOR
FAMILY ORTHODONTIC CARE

MARCH 2010

The Perfect Smile

After achieving one dream of being a contestant on the hit reality TV show *Survivor V: Thailand*, Dr. Hildebrand followed another dream, opening his own family friendly private practice. Once he completed dental school at Baylor College of Dentistry, in Dallas, he continued his education and was accepted into a prestigious Orthodontic specialty program and received a Masters from Case Western University. Dr. Hildebrand follows the family legacy of his father, two brothers and new wife, Kim, all of whom are highly respected dentists in the DFW area. Dr. Hildebrand opened the doors to Hildebrand Orthodontics

in 2007 after joining the family-run Woodworth Orthodontic practice that has graciously been serving families of the South Arlington, Mansfield, Kennedale, Dalworthington Gardens, and Grand Prairie areas for over 25 years.

CUTTING EDGE TREATMENT FOR BEAUTIFUL SMILES

Dr. Hildebrand is dedicated to providing the best possible care for all of his patients and continues his research in new areas of pain-free orthodontics and technology. He speaks internationally on topics such as the utilization of the cutting edge diode laser to speed up treatment time and the popular Invisalign clear aligner system that straightens teeth without the need for braces!

Dr. Hildebrand is joined by a highly experienced and caring staff who all share his commitment in making sure every patient, no matter how young or old, has the smile they have always dreamed of. The staff has worked together for over 20 years and love seeing the kids of their past patients.

WHO NEEDS A FREE ORTHODONTIC CONSULTATION?

Orthodontic treatment can be successful at any age and that is why Dr. Hildebrand treats children, teens and adults. Dr. Hildebrand's philosophy is that sometimes early treatment can simplify later treatment for children and it's best for the orthodontist to see children by age 7. For adults, Dr. Hildebrand prides himself on being a Preferred Invisalign

Provider and he also offers the crystal clear braces for his cosmetic conscious adult patients. From the very first free consultation through the end of treatment and retainers, Dr. Hildebrand sees his patients at every visit to ensure the highest quality of care. Dr. Hildebrand clearly believes in treating each patient as if he were treating himself.

THE FUN OFFICE

Kids especially love the huge video game room that ensures they never dread a trip to the orthodontist! Decorated in a beach theme reminiscent of his adventure in Thailand, Dr. Hildebrand's office is a place to relax and have fun. "We decided that since we can't be at the beach every day, we would bring the beach to us and our patients," said Dr. Hildebrand. It's an upbeat, friendly and fun place to painlessly achieve your best smile.

SERVING OTHERS

In addition to serving his patients, Dr. Hildebrand enjoys participating in Christian dental missionary work which has taken him to many different poverty

stricken communities without dentists in Mexico and to dental clinics in refugee camps in Cambodia, India, and Thailand. Dr. Hildebrand also enjoys sharing his testimony at churches and youth groups with personal messages from his Survivor experiences. 

Become a fan on Facebook (Hildebrand Orthodontics) and visit them at their new Web site www.hildebrandortho.com to view amazing before and after photos highlighting the beautiful results Dr. Hildebrand's patients enjoy.
